

HO-CHUNK NATION DEPARTMENT OF HEALTH

Media Release

FOR IMMEDIATE RELEASE

DATE: April 10, 2020

CONTACT: Kiana Beaudin, Ho-Chunk Nation Health Department Health Officer, 715-284-9851

COVID-19 Death Notice

The Ho-Chunk Nation Department of Health regrets to inform the community that an individual within our jurisdiction who has tested positive for COVID-19 has passed away. While this individual tested positive for COVID-19, their death was due to multiple underlying health conditions. We extend our sympathy to this individual's family members and we encourage everyone to respect the family's privacy at this most difficult time.

Currently the Ho-Chunk Nation Department of Health has seven community members who have tested positive for COVID-19. Like other communities throughout the State of Wisconsin the impact of this new disease on individual community members varies and can change quickly. Just like other parts of the State we have community members recovering at home and we have community members being treated in a hospital setting. We continue to work with our local, State, and Federal partners to care for our communities.

We also continue to encourage everyone to Stay Safer at Home. This is the most important thing that we can do to prevent this illness from impacting our community. Please practice social distancing when you must go out and only leave your home when it is absolutely necessary.
