## DEPARTMENT OF HEALTH

### MEDIA RELEASE

FOR IMMEDIATE RELEASE

November 5, 2021

CONTACT: Kiana Beaudin, Ho-Chunk Nation Health Department Health Officer, 715-284-9851

**RE: Notifying community event attendees who may be at-risk for COVID-19 exposure**

The Ho-Chunk Nation Department of Health is reporting potential risk for community exposure to COVID-19 at a recent community event. On November 5th, the Ho-Chunk Nation Department of Health became aware of an individual who tested positive for COVID-19 who attended a funeral service at the Native American Church in Wisconsin Dells on November 1<sup>st</sup> and attended a funeral at the Ho-Chunk Nation Legion Post building in Black River Falls on November 2<sup>nd</sup>.

The Ho-Chunk Nation Department of Health staff are uncertain of the number of people exposed during this time. **We request that those who attended the funeral services at either location on the above dates self-quarantine and monitor for symptoms.** Symptoms of COVID-19 may include cough, tiredness, muscle aches, fever, difficulty breathing, loss of smell/taste and sore throat. Rarely, some people may develop an upset stomach. **Individuals who have not been fully vaccinated (received both doses of Pfizer or Moderna and are at least 2 weeks past the second dose OR who have received one dose of J&J and are 2 weeks past the single dose) should stay home from work and school for 14 days. Those fully vaccinated should only monitor for symptoms for 14 days and should get tested if symptoms should occur and isolate from others. If symptoms should occur please call the Ho-Chunk Nation Department of Health at 715-284-9851 or 608-355-1240. You should wait 5-7 days following the event before having a test.**

**If you attended either of these events it is important that you stay home as much as possible to limit the spread of the disease. Even if you do not currently have any signs or symptoms you should quarantine yourself.** Continue to wash your hands with soap and water, use hand sanitizer and routinely disinfect commonly touched surfaces within your home.

If community members plan to seek medical care, they should call ahead and notify the clinic of the potential COVID-19 exposure so that precautions can be made to prevent further spread. If you have questions you may also contact the Health Department by email at [coronavirus@ho-chunk.com](mailto:coronavirus@ho-chunk.com).
