

HO-CHUNK NATION

DEPARTMENT OF HEALTH

Media Release

FOR IMMEDIATE RELEASE

DATE: December 3, 2021

CONTACT: Kiana Beaudin, Ho-Chunk Nation Health Department Executive Director, 715-284-9851

COVID-19 Death Notice

The Ho-Chunk Nation Department of Health regrets to inform the community that our department was recently notified of one individual within our service delivery area who had tested positive for COVID-19 and now have passed away. We extend our sympathy to the family members and to our community during this very difficult time.

The Ho-Chunk Nation Department of Health has had a total of 1,075 community members who have tested positive for COVID-19, 21 people have died. Like other communities throughout the State of Wisconsin the impact of this new disease has been devastating. Just like other parts of the State we have community members recovering at home and we have community members being treated in a hospital setting. We continue to work with our local, State, and Federal partners to care for our communities.

To protect our community, it is important that community members get vaccinated or get your booster as soon as you are eligible, practice social distancing when you can, and use a mask when indoors with those outside of your home. Take care of one another.
