

HOW CAN I PROTECT MY COMMUNITY

AGAINST COVID-19?

If you are COVID-19 positive **PLEASE DO NOT ATTEND** community gatherings of any sort.

If you are feeling symptoms **PLEASE DO NOT ATTEND** community gatherings of any sort.

If you feel well and do attend ANY community gathering **PLEASE** get tested 5-7 days after the event even if you do not have symptoms.

UP YOUR MASK GAME: Due to the highly contagious Omicron variant we recommend that you *use a well fitting* mask when indoors with those outside your household.
