

How to **MAKE A MASK** for personal use

Stop The Spread

- Wash your hands before making masks.
- Do not make masks if you are feeling ill or having respiratory symptoms.
- All fabric, materials and finished masks should be kept in a clean, dry area free from chemicals, smoke, perfumes, pets, etc.

The best defense against COVID-19 is to stay safer at home, but if you must go out for essential items remember to maintain social distancing, wash your hands, avoid touching your face, and stay home if you are feeling ill.

Note: Cloth masks have not been tested to prove effectiveness against contracting COVID-19. Using a mask does not replace social distancing or stay at home requirements. Instructions to make a cloth mask can be found on our website, <http://health.ho-chunk.com/docs/Makeamask.pdf>

DIY FACE MASK TUTORIAL

Source: Froedtert & Medical College of Wisconsin

MATERIALS:

You will need:

1. 2 pieces of 100% cotton fabric 7" x 9"
2. 2 pieces of 100% cotton fabric 1 ½" x 6"
3. 2 pieces of 100% cotton fabric 1 ½" x 40"
4. Ruler
5. Pins
6. Scissors
7. Sewing machine & thread

Masks should be constructed from tightly woven, high thread count cotton fabrics. The fabric should not have any stretch, and should not be knit (i.e. t-shirt material).

Recommended fabrics include: Poplin, Shirting, Sateen, and Percale in 100% cotton. A possible source of fabric is high thread count sheets and pillow cases.

Wondering if your fabric will work? A simple way to check is to fold it into two layers. You shouldn't be able to see through the fabric, but you should still be able to breathe if you hold it over your mouth.

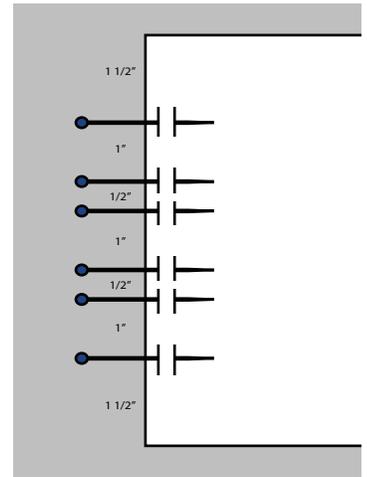

Before you start, fabrics should be washed and dried on Hot in order to pre-shrink them.

INSTRUCTIONS:

1. Lay main mask pieces wrong sides together. Sew around edges at 1/4" to secure

2. To create pleats: place pins along 7" edges as illustrated
3. Bring first needle to second to create pleat. Repeat with third & forth, fifth & sixth
4. Sew along previous stitching to secure pleats

5. Press up 1/4" on both 1 1/2" x 6" binding pieces

6. Lay unfolded side along pleated edge of mask, stitch at 1/4"

7. Fold binding around seam allowance & pin on opposite side, encasing raw edge. Topstitch in place.

8. Repeat for opposite side. Trim binding to match mask

- 9. On both 1 1/2" x 40" strap pieces, fold & press long edges to center
- 10. Fold the mask in half along the long edge & mark the center with a pin. Do the same with the strap

- 11. Matching centers, pin the strap in place. Stitch to mask body at 1/4"
- 12. Wrap strap around seam allowance as on binding & pin

13. Unfold strap ends. Fold in 1/4", then re-fold pressed creases. Pin to secure

14. Top stitch along entire strap, including mask. To finish, stitch across strap ends to secure, and press pleats flat
