

COVID-19 Booster Vaccine Update:

What's New? A new COVID-19 booster vaccine is coming out soon. This will provide better coverage for new variants.

What does this mean? **Temporarily** COVID-19 boosters will not be available for people 12 years and older because the new booster vaccine has not arrived.

What should I do? If you have an appointment for your COVID-19 booster in the next couple weeks please plan to re-schedule that appointment.

Should I get a COVID-19 booster? YES!! COVID-19 boosters are an effective tool to prevent severe illness, hospitalization, death, and long COVID complications. Boosters ARE available for kids 5 years-11 years. Vaccine is also available for those getting their 1st or 2nd dose ages 6 months and older.

Call today to ask about an appointment:

Ho-Chunk Health Care Center: 715-284-9851

House of Wellness Clinic: 608-355-1240
