## COMMUNITY HEALTH NURSING

---

The Ho-Chunk Nation Community Health Nursing Program offers nursing care at all six health office locations: Black River Falls, La Crosse, Nekoosa, Baraboo, Wittenberg and Tomah. Our services include skilled nursing care, immunizations, diabetic foot care, health screenings and our caregiver program.

The caregiver program provides care to Ho-Chunk Nation Community members and Native Americans with medical needs by helping with daily living activities, transportation to medical appointments, respite services, and other needs.

Please contact your local Community Health Nurse for more information.
